To Please the Palate
is our aim in serving meat—to retain the fine flavor Nature bestows, not to let it go to waste, as some meatshops do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.

BUSY SESSION OF THE BOARD OF SUPERVISORS

Resort Owners and All Others Treated Promptly and Without Bias

The Board of Supervisors met in regular session Monday, September 18, at 10 a. m. there being present Jos. M. Francis, presiding; Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

The minutes of the meetings of August 31, September 1, 4, 5, and 11 were read and approved.

Judge E. F. Fitzpatrick, on behalf of E. A. Boyd, presented a map of Harvard Tract, a new subdivision on the Woodside Road, near Redwood City, which he asked to have accepted. The map had been presented at the last meeting of the board, but had been rejected by the members on account of the streets not having been extended.

A resolution accepting the map was adopted on motion of MacBain seconded by Brown all the members voting yea.

The committee consisting of Mrs. Hannah P. Scott, Mrs. Hilda S. Dana and Mrs. Amy E. Brewer appointed by Supervisor Brown to investigate the case of Mrs. Jennie Demartini and five children of San Mateo whom the State Board of Control had reduced their allowance from $6.25 each per month to $5 each on the grounds that the widow had free rent and a father-in-law and brother-in-law who could contribute towards the support of the family, submitted their report. The report stated that the relatives were unable to render any assistance as the father-in-law, who is 74 years old, is sick and the brother-in-law is also incapacitated at times with rheumatism. The widow is careful and economical but cannot subsist on the present state allowance.

The report was accepted on motion of Brown seconded by Casey, and a copy of same was ordered sent to the State Board of Control.

A communication was received from the State Board of Health advising the Board of Supervisors that the annual conference of state, city and municipal health officials is to be held in Visalia from October 9 to 14 and requesting that the health officers from this county be allowed to attend the same.

On motion of Thompson seconded by Brown it was ordered that the health officer be permitted to attend the conference at the expense of the county.

The report of County Auditor J. J. Shields, showing the financial condition of San Mateo County was presented and read and ordered filed.

The report of Miss Anne Bell Bailey county librarian for the month of August showing the amount of expenditures to be $290.48 was received and ordered filed.

Hattie M. Burke of San Mateo in illhealth and unable to earn a livelihood was granted $12 a month on motion of Brown seconded by Thompson.

Mrs. Ellen Gassenberg aged 62 also of San Mateo in illhealth was granted $8 per month on motion of Brown seconded by Thompson.

R. W. Hantharn of Redwood City unable to earn a living on account of illhealth was also granted $8 per month on motion of MacBain seconded by Brown-

A communication from Mrs. Catherine Buechel calling attention to the condition of Sylvar street in the town of Colma, was referred to Supervisor Casey of the second township.

A communication was received from Eaton and Smith, contractors, asking for an extension of 15 days in which to complete their contract on the Hillsborough to Crystal Springs lakes road on account of their inability to get cement on time. The contractors were granted 10 days on motion of Brown seconded by Thompson.

On the report of Surveyor James V. Neuman that Contractor Lou G. Hare was endeavoring to make better progress with his contract on the San Gregorio to Pescadero road the board granted the latter 60 days additional time to complete the contract on motion of Thompson seconded by Brown.

Supervisor Thompson reported that a bridge on the road below Pescadero had gone down and that another one on the same road was about ready to go down. On his motion seconded by Brown Supervisor Thompson was granted permission to repair the above bridges. Supervisor Thompson was also granted permission to repair two culverts on the Tunitas road on his own motion seconded by Brown.

Supervisor Thompson was granted permission to purchase 48 feet of 24-inch corrugated culvert pipe on his motion seconded by Brown.

A communication was received from U. G. Davis secretary of the San Mateo Building Trades Council and also from the International Union of Steam and Operating Engineers calling attention to the fact that the new men operating the steam rollers on county work are receiving less than the union scale of wages.

The board on motion of MacBain seconded by Casey directed the clerk to answer the communications stating that the members are willing and anxious to pay the wages required by the union and suggesting that some action be taken towards unionizing the steam roller engineers of the county.

A communication was received from the Pacific Portland Cement Company in San Francisco asking the board to withhold the sum of $561.20 from the payment due Easton and Smith, contractors, on account of material furnished the latter. The communication was ordered filed.

A communication was received from John W. Bourdette of San Francisco calling attention to a fence around the William Hanson place at La Honda which had been removed during the repairs of the road at that place. The communication was ordered referred to Supervisor Thompson.

A communication was received from I. J. Truman to Supervisor MacBain of the Third District and read asking the board to keep in repair Arlington avenue in the Oakleigh Park tract from Selby Lane to Woodside avenue and on motion of MacBain seconded by Casey the clerk was instructed to write Truman and notify him that the above thoroughfare did not come under the jurisdiction of the supervisors and could not be taken care of by them.

The necessity of providing the town of Colma with fire protection in the shape of an equipped fire department was called to the attention of the board by Supervisor Casey. District Attorney Swart who was present gave the necessary information relative to the procedure to be followed in calling for an election to organize the fire district.

Surveyor Neuman reported that the oiling job on the San Gregorio Creek road which the county is doing was about completed and that the total cost would not exceed $5500.

District Attorney Swart now addressed the board and stated that he was ready to proceed with the charges against the eight saloon men who had been cited to appear before the supervisors and show cause why their licenses should not be revoked.

Joe Rosa Jr. of Redwood City was sworn in as a complaining witness against the accused saloon keepers whose cases were taken up and tried separately, the names of whom and the charges against same being as follows:

M. B. Wiggins, Miramar, selling liquor over the bar to women and conducting his place in a disorderly manner.

E. W. Bracht, Rockaway Beach, selling liquor after 11 o'clock.

James Cawley (saloon owned by George Ross), Salada Beach, selling liquor after midnight.

A. Torre, Moss Beach, selling liquor after midnight and conducting place in a disorderly manner.

Edward W. Rider, Lobetus, selling liquor after 11 o'clock.

John Fannucchi, Miramar, selling liquor to women also conducting place in a disorderly manner.

Harry Martini, Tunitas Glen, (saloon run by Angelo Fannuchhi), conducting place in a disorderly manner.

A. Lucchessi, Purissima, place open after 11 o'clock but no liquor sold.

After listening to the testimony of Rosa and hearing the defense of the accused saloon men the board took the following action:

M. B. Wiggins on motion of Brown seconded by MacBain was given until January 1, 1917 in which to dispose of his place in the mean time to conduct same under class C license.

E. W. Bracht on motion of Brown seconded by MacBain the charge was dismissed with a severe reprimand for the owner.

James Cawley on motion of Brown seconded by MacBain the same action was taken as in the case of Bracht.

A. Torre on motion of Brown, seconded by MacBain license suspended until January 1, 1917.

John Fannucchi, motion of Brown seconded by MacBain license suspended for a period of six months.

Harry Martini on motion of Brown seconded by MacBain that license be revoked.

A. Lucchessi on motion of Brown seconded by MacBain saloon ordered closed until present owner who purchased place from O. Tomei should make application for license in October.

On motion of MacBain seconded by Casey the bid of Thomas Flynn heretofore submitted for macadamizing Laurel and Mills avenues in Third District, was rejected.

On motion of MacBain seconded by Thompson, the district attorney was instructed to prepare an ordinance that would prohibit the throwing of garbage of any kind on the highway and public streets of the county.

The board adjourned at 1 o'clock p. m. to meet Monday, October 2nd at 10 a. m.

SUMMONS

In the Superior Court of the State of California, in and for the County of San Mateo.

Ferdinand Butzmann, plaintiff vs. Charlotte Butzmann, defendant.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

F. A. Reynolds, attorney for plaintiff.

The people of the State of California send greeting to: Charlotte Butzmann, defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons, if served within said county, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 17th day of July, A. D. 1916.

(Seal) JOS. H. NASH, Clerk.

GAMBLING AND GAMBLERS

At the present time the question of gambling at the San Mateo county north end is again before the public. It has in regular order been brought to the attention of the grand jury, who are now under court instructions to consider the matter.

Of the merits of this particular controversy we know nothing. But as publishers it becomes our duty to take a stand against gambling itself, in the interest of the community. But sifted right down, conflicting elements become so intermingled that actions become tempered or often fail of reaching the difficulty.

In the present instance it is claimed that the laws have been plainly violated. It is safe to say that if the charges are sustained the law is sufficient to apply the remedy.

Who will execute the laws becomes another issue, illustrating as already stated the conflicting elements that enter into the question. Is that not clearly a legal proposition? Of what avail is newspaper controversy or the opinion of laymen?

It appears to be up to the lawyers themselves to get get together, talk things over and determine if they are playing fair with the people, or whether there are offenders to be punished.

KEEP THE ELECTRIC SIGN ON BROADWAY

At the Chamber of Commerce meeting Tuesday evening, as reported elsewhere, the question was raised of having more light on the County road.

Incidentally it was asked what the cost of removal of the large electric sign at Broadway near the depot would be.

There is a strong opinion among many that the "Redwood City" sign near the depot, with its brilliant good cheer, is one of the best investments for Broadway and the whole town that has been adopted at anywhere near its cost.

The civic center needs it, it does much to beautify the Court House and the School and Library properties. On festal occasions its removal would be sadly missed.

It is appreciated by and is a striking object to people from all over the world who pass on the cars.

Our vote is to let the sign at the depot remain. If another is needed, let that be added.

The tax payers of San Mateo and Burlingame by their vote this week in defeating the bond issue for school purposes amounting to $40,000 have started opposition to all bond issues in the future in this county. Heretofore the people of the peninsula have become bond-issue mad and have raised the taxes to such proportions that those owning small homes almost pay rent in taxes. The line must be drawn somewhere. The bond election in question was a meritorious one and under other circumstances would have carried. The people are already burdened and must call a halt. All bond issues in the county in future must be defeated, no matter how worthy the cause. Taxpayers are unable to carry the burden longer, the line must be drawn. At the coming election in November the people are asked to vote $15,000,000 for State highways. Very true we need good roads, they are beneficial but the tax payer cannot see his home, purchased with hand earned money, confiscated by the State for taxes.

The following splendid tribute to Senator Phelan that appeared in the San Francisco Monitor last week is fully concurred in by the Times-Gazette. Senator Phelan is making good and is certain to become a national figure:

"Californians expected great things of Senator Phelan when he was elected to the Senate and they have not been disappointed. No other Senator has made his mark so quickly in the upper house and none other has been so successful in advocating and embodying in laws constructive measures for the benefit of the people of this State and the country at large as junior Senator from the Golden State. He has at once sprung into prominence as a leader and deep student of public affairs who can be relied upon to do the right thing at the right moment. His is not a pork-barrel policy but all his measures make for the upbuilding of State industries, and even his views on foreign affairs are those of the far-sighted statesman.

—Carter in New York Sun.

"IN A FIGHTING MOOD!"

The appointment of A. M. Porter by the town trustees as city engineer is a splendid one, one which will reflect credit on the board. Mr. Porter is a gentleman of fine ability, wide experience in his profession and withal a man who may be trusted with any duty, no matter how arduous or difficult. Mr. Porter is certain to fill the duties of the office with credit to himself and the board.

The New York Journal of Commerce finds that "one of the most striking features of the analysis of the trade between the United States and Mexico is that the Mexican imports from the United States are principally made up of the necessities of existence." Wonder how the Journal regards guns and ammunition which have been going into Mexico during the past three years and which are now being turned on our troops. They are certainly "striking features."

An observant Redwood City woman says she can tell from the way a woman rocks on her front porch what condition the house behind her is in. If she sways back and forth with a floppy, comfortable motion, plumping both feet down in a relaxed sort of way, then everything about the house is absolutely clean and neat. But, if she rocks in little nervous jerks tapping her feet down at short and irregular intervals, it signifies that there are unmade beds behind her and stacks of unwashed dishes and dusty floors.

Young Bachelors' Dance Success

The dance given by the Young Bachelors of this city last Saturday night was a brilliant affair, attended largely by dance goers from out of town. Prizes for the best waltzers were awarded as follows: first prize, Chester Gunn, San Mateo and Miss Alice Teejou, San Francisco; second prize, Hugh Burns and Mrs Della Zimmermann; third prize, Miss Edith Carleton, Menlo Park and J. Abercrombie, Atherton. The judges were: Harold Harvey and Peter Larrecou, Redwood City, Edward Moriarty, Menlo Park, G. Morris, San Francisco and George Haaker, South San Francisco.

Marcus' Store Fall Goods Now In

The front portion of Marcus' big department store on Broadway presented a busy scene the fore part of the week when fifty cases of dry-goods, boots and shoes arrived from the East for the winter supply. The unpacking and arranging of this big stock kept the clerks busy for three days. Marcus' store is one of the largest on the peninsula carrying an up-to-date stock which is sold at San Francisco prices. The concern enjoys a large volume of business. The new parcel delivery to Atherton and Menlo Park has increased monthly receipts very materially.

Mrs. J. F. Marrs Returns Home

Mrs. J. F. Marrs has returned to her home in the Garden City after having been absent for six weeks, which she spent in Reno. She went to visit her son, Edward A. Steinberg, formerly of La Honda who was so severely injured in a mine in Virginia City. Mrs. Marrs reports that he son has had to have three operations and a fourth operation will follow just as soon as the patient has gained a little more strength. Grafting will be the doctor's next effort. Mr. Steinberger has the best of care and is attended by Dr. St. Clair of Reno, Nevada, who is a specialist in surgery.

Mrs. Marrs intended to stay with her scon until his recovery but the altitude was against her so she had to return home.

Woodside Notes

Drexler Hall at Portola will be opened for students in a few days. It is understood that a large class will be admitted on the first of October. Nearly all buildings are completeed.

Fred Walthers proprietor of the Valley Inn at Portola wishes to thank his numerous new and old friends for the big attendance at the barbecue last Sunday. It was a great success. The crowd was a record breaking one. All had a delightful time. Look out for the next barbecue. You can not beat the Valley Inn for a good time.

BIG CORN EARS

In the F. F. Moulton gardens there is growing sweet corn on which are ears measuring two feet long. The kernel is well developed and free from worms. The specimen is perfect and a new variety. Vegitation that can grow so luxuriantly speaks volumes for the soil of Menlo Park.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Redwood City as Seen Through Incidents Gathered Here and There

The man or woman who fails to register, does not measure up to the standards of good citizenship. The register closes on October 7.

Mr. and Mrs. Johnston of Santa Cruz spent the week end here with their parents. Mr. Johnston and his father attended the oyster bust at San Mateo on Sunday.

F. A. Reynolds attorney of this city with offices in the Drew building left on Wednesday for Lake county to defend a client in a law suit in the superior court of that county.

Thomas M. Flynn has secured a contract to construct new roads on the Walter place at Atherton. The property was recently purchased from the Selby estate. Mr. Flynn is to construct several macadamized roads at a cost of $3,000.

The annual teachers' institute will take place at San Mateo on October 2, 3 and 4 in the high school building of that city. Superintendent of Schools Roy W. Cloud is preparing an instructive and interesting program of music and song and addresses for the occasion.

Faxon Gomez came down from the city on Sunday to spend the day with his grandmother, Mrs. J. Kearse. This was his first visit home since he received his injuries in jumping from the train five weeks ago. He will not be discharged from the railroad hospital for some time.

John Ford the taxi owner was fined $50 by Judge Lamb, sitting for Judge Seely, last Tuesday for striking a rival taxi man. Mr. Ford demanded a jury trial and the jury brought in a verdict of guilty. As this was the second offense the court passed the unusual severe sentence.

Dr. G. Borden Yount has just completed a course in advanced operative dentistry in Oakland under two of the most noted authorities in dentistry. Dr. Yount is better qualified than ever to do high class dental operations and can be found daily with Dr. Winkler in his office at No. 10 Broadway, Redwood City.

Miss Frances Williams young daughter of H. L. Williams missed her footing on the porch of her home last Sunday and falling to the ground lacerated the ligaments of her knee causing her much pain and confining her to her home all this week. She will be able to resume her studies at high school next Monday.

Miss Elna Allen of San Francisco, Miss Ethel Swain a teacher in the Oakland high school and Miss Louise Caldwell a teacher in the Oakland grammar school were weekend guests of Miss Katherine Wolfenden and Miss E. Truman of this city. Miss Caldwell and Miss Swain are former teachers of the Redwood City school department.

County Treasurer P. P. Chamberlain, J. F. Johnston and A. D. Walsh departed yesterday for Weymouth's, Humboldt county, for a week's fishing trip. All three are expert anglers and each hope to secure the limit of trout every day. Weymouth's is one of the best fishing districts in the State. During Mr. Chamberlain's absence the treasurer's office is in charge of George Holden.

Mrs. James Shaw a former old-time resident of Redwood City who has spent the past three months with her sister, Mrs. George Wentworth and Mrs. George H. Rice, here, left during the week for Oakland to spend some time with her son, Orlando Shaw, before starting for her home in White Salmon, Washington. Mrs. Shaw has been a resident of that section for nearly thirty years.

Miss Alice Holden, the popular and efficient deputy tax collector underwent a painful operation at the Red Cross hospital at San Mateo on Wednesday when she had her tonsils removed. The operation was performed by Dr. Chedester. The young lady only returned from a pleasure trip to Seattle and other northern points last Saturday. She is improving rapidly and is expected home today.

The many friends of Rev. M. B. Young will be pleased to learn that he will remain here as pastor of the M. E. church for at least one year longer. It was at first thought the Methodist conference recently held at Santa Cruz would give Mr. Young a charge at Oakland. The clergyman is doing good work in Redwood City among the young people who admire his ability and unselfish devotion to his noble calling.

Yesterday afternoon Judge Seely issued six warrants for the arrest of the following violators of speed laws who failed to answer in court as they agreed to: W. C. Ensworth, 545 O'Farrell street; N. Nalin, 1436 Filbert street; N. Kasser, 1497 McAllister; F. H. Rhoads, 307 California street; James Rich, 2875 Mission street, San Francisco and Albert Clark, 724 Thirty-sixth street, Oakland.

Wm. A. Leslie of Redwood City on a recent trip to Los Angeles was a caller at the Chamber of Commerce of that city where the largest exhibit of its kind in the world is maintained.

The new jewelry store, Lee Wolf, manager, will move to the Theil building when that store will be vacated next week. Mr. Wolf's business has so increased that he must seek larger quarters. By honest dealing he has built up a big trade.

REDWOOD TO HAVE NEW AUTO CAR LINE

Good Roads and Rubber Tires Provide Ideal Transit Conditions for Local Service

A meeting of the Chamber of Commerce was held Tuesday evening. Charles G.Landscheit presided. There was a representative crowd, bankers, railway men, promoters, transportation specialists and others.

Interest centered on the question of incorporating a motor car company to operate from Redwood City to San Mateo, Woodside and Menlo Park, on separate routes.

The mater had progressed to the point of securing, on royalty, exclusive rights to operate in this territory cars constructed under the Fadgl patent.

The question was, could the undertaking be financed?

Anticipating matters a little, the proposition went through with a rush—the right kind of people were there to know its merits and to back it.

President Landscheit stated the case concisely and in excellent manner. The car and proposition had been endorsed by traffic men who were turning down propositions every day in the week, but who knew a good thing when they saw it. And this stood approved.

As to the car itself, it is a single conveyance, stylish, with capacity for 14 passengers.

The motor and car body appear to be one, but in reality operate separately, on the principle of "fifth wheel" construction. In other words, the motor can make turns at right angles to the car.

It can therefore work into a small space and deliver passengers right alongside the curb, or it can turn a sharp corner or turn round and round in a circle.

Summed up, it is a roomy passenger motor conveyance that is flexible in its movements. Also, if one part should become disabled it would not affect the whole car. A duplicate part could be quickly substituted and traffic resumed.

Secretary E. T. McGettigan explained how the car would enlarge the commercial area of the town by quick conveyance to and from the most remote outlying districts, at a minimum initial cost or as figured upon maintenance. Redwood was both the topographical and logical "center" of the whole district to be covered under the proposed company's exclusive rights.

Particularly, though, it would be a "people's road"—in patronizing it, people would be helping themselves. And it would pay.

When the discussion closed President Landscheit announced that subscriptions would be received, and a slight pause occurred.

To start matters going L. P. Behrens said that he would prefer seeing the stock taken up in small amounts. At the same time, he believed the proposition was a good one and he would subscribe to the amount of two thousand dollars if it should be needed to help out.

Other subscriptions followed, the total for the evening being about $2,500.

OTHER BUSINESS TRANSACTED

Norman McKee was endorsed as a candidate for admission to the U. S. Naval Academy at Annapolis.

Communications were received noting the appointment of delegates from other counties to act with Redwood in favoring Dumbarton for an extra bridge across the bay.

A joint committee, one each from San Mateo, Santa Clara and Santa Cruz counties, was favored by G. H. Irving to consider fire protective measures.

The question of removing the "danger" sign and red light from the Broadway and State highway crossing, was raised by Mr. Behrens. He suggested illuminating the crossing with bright lights instead.

Mr. Irving asked what it would cost to remove the "Redwood City" electric sign from near the depot to the point designated by Mr. Behrens.

City Electrician Mark Ryan said that it would cost about $400 and that it would be about as cheap to erect a new sign.

The matter will be passed up to the Town Trustees.

NEW MANUAL TRAINING SCHOOL TO BE STARTED NEXT WEEK

It Will Be a Very Complete Affair, Modern in Every Way, and Will Harmonize with Adjoining Fine Structures

In conjunction with the public schools the board has decided to erect a modern Manual Training school. Plans have already been prepared by Charles Ed. Hodges, architect of San Francisco and estimates will be taken and the contract let next week.

The building will be at the rear of the Library and the High School, with a frontage on Washington street. The plans call for a two-story plastered building in classical order and will be a striking feature in the group of school buildings.

The building will be 118 feet long by 50 feet wide, accommodating on the first floor two spacious stairways, office, Locker-room, Storeroom and Finishing-rooms, Woodworking and Machine shops, with ample space for future Ironworking shop.

The second floor accommodates two large Drafting rooms, Arts and Crafts, Blue-printing and Storeroom, a department of Domestic Science with large Kitchen, pass-pantry and storerooms, Dining-room and Sewing room.

Particular care has been bestowed on the light and ventilation, and Redwood City is to be congratulated on its up-to-date methods.

The architect, C. E. Hodges, was associate architect for the Sequoia Hotel.

FUTURE OF REDWOOD CITY, AND WORD PICTURE OF ITS CIVIC CENTER

Being the Observations of an Intelligent Observer Passing By Who Recorded his Impressions in Masterful Way

Editor Times-Gazette:

Nestled among the beautiful oaks of the peninsula, 28 miles from San Francisco, I visited the model town of Redwood City, the County seat of San Mateo. Broadway, the principal street, starts from the Southern Pacific depot and has no equal among the local towns on the peninsula.

About three minutes' walk from the depot comes the Plaza, or what might be properly termed the "Civic Center," where the stately Court House, with its spacious grounds, stands out in its fine classical architecture.

Facing the Court House are three striking buildings, the High School, Grammar School and Public Library. To the left of the Court House a fine, modern County jail is now being erected at a cost of $70,000.

Passing the Sequoia Theatre with its modern improvements, and the Commercial Bank, you come to the stately building of the First National Bank, where I had a very pleasant interview with Mr. L. P. Behrens, the genial cashier.

On the opposite corner is the Sequoia Hotel which has been erected about two years and within its well-proportioned brick walls may be found all the comforts of "home." The manager, Mr. Fromm, is known throughout the county for his admirable qualities as "mine host."

The educational facilities which Redwood City offers the suburbanite makes it a most desirable residential district. I learned that some of the brightest scholars and graduates from the University come from this city. And now Redwood City is going to give additional advantages to the youthful mind in the creation of a Manual Training school, carrying out Senator Stanford's plan of combining the exercise of the muscle with the development of the brain.

I departed from Redwood City with the hope that I may again return, to note its future rapid growth, and predict that, like Rip Van Winkle, I shall see the city in its zenith. The harbor will be fully developed. Manufactories will have located there and more will come. Broadway will be a miniature duplicate of San Francisco, and the wonderful climate will draw the tired business man from his city office.

Passer-by.

Stack E. Caricof aged 46 and Hattie G. Berry aged 38, both of San Francisco.

TOWN TRUSTEES MAKE CHANGES

An Unexpected Shifting Around, and Much General Work Transacted

Monday evening the board of town trustees removed E. G. Finlay from the office of city engineer and selected A. M. Porter as his successor. The action of the board terminated a period of dissatisfaction with the methods of the city engineer which had extended over several months. Mr. Finlay was requested to resign but refused in protection to his interests. Trustee McNulty proposed the name of Mr. Porter for the office. All members of the board were present and action was unanimous.

Attorney Walker representing the board of high school trustees was present and petitioned the board for a strip of land on Washington street back of the library. The petition was granted. The land is a portion of the high school property deeded to the town in 1904 for a library site. Now the school desires a portion of the ground for a site for their new manual training department building. The new building will be erected over the creek thus closing from view the unsightly creek bed.

Trustee Merrill lead in a discussion with Mr. Walker, one of the library trustees, of an aggressive plan of action by the library board to stimulate reading of the better class of books. Trustee Merrill believes that the library should enter into competition with the moving picture theatres and other amusements in educating the youth of this city.

Trustee Tuchsen brought before the board the matter of dividing the superintendency of street and water departments so that the increasing demands made by the city's growth might better be handled by two men. He recommended that Mr. Dickey be put in charge of the water department giving his entire time to that part of his present duties and another man selected as superintendent of streets. The board thereupon created the office of superintendent of the water department and selected Mr. Dickey for the place at a salary of $100 per month. He will have the use of the city's automobile.

Trustee McNulty presented the name of Ed. Dearborn who was appointed. He will be provided with a conveyance in the discharge of his duties. His salary will be $100 per month. The change will take effect October 1.

A petition for a fire alarm box at Hopkins and Myrtle streets, signed by a number of residents from that district, was referred to Fire Chief Ryan.

The matter of a sewer system for that portion of the city near the Christofferson Aircraft plant was referred to Trustee Tuchsen with the idea that a septic tank be installed.

A claim of J. D. Smith of $202 for filling material on Center street was allowed.

The Pacific Gas and Electric Co. was granted permission to lay a 4-inch gas main on El Camino Real from Jefferson street to Oak avenue.

J. H. Pinkerton was granted a plumber's license. He is employed in construction of the Lincoln grammar school in Wellesley Park.

An invitation from the State Board of Health that the city health officer attend the convention of government health officials at Visalia, October 9 to 14, was referred to the health officer, Dr. J. L. Ross, with the hope that he would find an opportunity to attend.

Trustee Tuchsen was selected to represent the board at all meetings of the Dumbarton bridge commission.

The matter of removing wooden awnings over sidewalks by January 1, 1916, which had been discussed nearly a year ago, was brought to the atention of the board by Attorney Mansfield. He presented an ordinance prohibiting their construction in the future and compelling the removal of the present ones by the first of the year. This met with the board's approval and they wished that this ordinance would regulate all kinds of awnings. With that in view the matter was laid over until next meeting when Trustee Merrill will have data on the height and widths usually allowed.

Connecting water mains were ordered in immediately on El Camino Real from Oak to Redwood avenues; on Addison street from Redwood to Roosevelt avenue and on Ebner street from Redwood to Roosevelt avenues as soon as practicable. A hydrant was ordered installed at Addison and Grand avenues.

An adjourned meeting will be held Monday evening, September 25.

Werder-Goertzhain Marriage

Ernest Werder one of the best known and most liked young men in Redwood City was united in marriage to Miss Emma Goertzhain a charming and popular young woman of this city in St. Paul's Episcopal church in San Francisco last Saturday afternoon. Rev. Cowper officiated. The young couple will return today from their honeymoon spent at Los Angeles and will occupy the Nelson cottage on Main street having leased the premises from Miss Sally Nelson. Both young people have spent the greater portion of their lives here and have a great number of friends who wish them every happiness and a long and prosperous married life.

James Bruce, a member of the Fifth Regiment that has been doing border duty since June first, returned home on Tuesday. He enjoyed the life of a soldier at Nogales getting some valuable experience. His regiment is to be mustered out at the Presidio next week.

George Carter a resident of San Mateo county for over half a century passed away at his home on Oak avenue on Wednesday morning following an illness of over three years. The deceased was a martyr to rheumatism, suffering untold pain from that ailment. He was confined to his bed for the past four months, during which time his pain was almost unbearable. Mr. Carter was a native of Canada, aged 76 years. His wife passed away several years ago. Mr. Carter came to La Honda in 1859 settling on a 500 acre tract of timber land which comprised the whole of La Honda. He afterwards sold it for a nominal sum. Had he retained possession of this land it would have made him wealthy. Mr. Carter was a hard working man, industrious and honest. He was a splendid citizen. A gardener by occupation he was employed at different times by the Josselyns, Hoopers and other wealthy residents of Woodside. He is survived by two sons, M. W. Carter and Elmer J. Carter of this place. The interment took place yesterday afternoon at Cypress Lawn cemetery, Colma.

John B. Welsh only son of Mr. and Mrs. John Welsh and Miss Matilda Kuck daughter of the late Martin Kuck, were united in marriage Wednesday evening, Father Ryan officiating. The wedding was a quiet affair only immediate relatives attending. Miss Bertha Kuck acted as matron of honor while James D. O'Kane attended the groomsman. After the ceremony the young couple departed on their honeymoon trip without acquainting friends as to where they were going. It is believed the honeymoon is being spent in the northern portion of the State. Mr. Welsh holds a responsible position with the California Powder Company of San Francisco. He is a young man of considerable ability and is held in high esteem by all who know him. He graduated from Santa Clara College some years ago with high honors. Mrs. Welsh is a most estimable young lady enjoying the friendship of a host of friends. She is a graduate of the high school at Redwood City. Mr. and Mrs. Welsh are expected home early next week when they will occupy a cosy cottage on the El Camino Real which the groom has prepared for his pretty bride.

THE GRAND JURY LISTENS TO CHARGE

Importance of Its Deliberations and Nature of Its Work Duly Outlined

The grand jury was impaneled in the superior court last Tuesday by Judge Buck. The court in its charge to the jury stated that many of the county officials were through influence and "pull" were receiving salaries far in excess of what they deserved, while others holding responsible positions were only receiving compensation not more than a clerk would get. The court advised the jury to make a thoorugh investigation so that a report might be given to county representatives in the legislature.

The gambling situation in north end of the county was gone into fully by Judge Buck. In this particular the court said:

"There is one other matter to which I wish to call your attention, and which is not new to you, the gambling resorts of this county. During my somewhat extended career in this county I have not hesitated to stamp my disapproval upon those things which I deemed bad for the people of our county. There have been in the past attempts made to establish among us by irresponsible persons certain notorious resorts, but the acts of some of our good citizens who place the welfare of our people above dollars and cents and a little questionable pleasure compelled their withdrawal.

"The public press, to our disgrace, has for a long time past dwelt upon the gambling resorts in this county, and repeatedly called the attention of our public officials to them and their effect, but nothing has been done to abate them. A case of some importance comes up in our neighboring county to the north, and frequently the evils arising out of such cases are traced to the gambling resorts of San Mateo county.

"The last one I noted was the divorce suit of Fuller vs. Fuller, recently called to our attention through the public press, when the plaintiff is reported to have said the following:

" 'The only place he would take me was to the 'Villa Mateo,' a gambling house, and there I would have to sit and watch him and his companions play all night.' "

"There can be placed before you evidence of our young men dropping their money into these dens. There was a time when Sausalito seemed to claim the attention of such places, and afterwards they seemed to drift across the bay. This county is now getting a taste of it. To the public press we owe much for exposing the evils existing in our midst. Among the many letters I have received about this evil I quote from the following:

" 'This entire region is becoming such a residential center that such notoriety should be put an end to by county authorities in some way.' "

"And the court tells you it can be stopped. It is the easiest thing in the world to stamp out such a reputation, and our public officials can stamp it out if they want to. They may lose a few votes, perhaps, but I admire a man who has the spirit said to have been the guiding star of one of our country's greatest men: "I would rather be right than be President of the United States."

"This county should not be made the dumping ground for places of questionable repute from the neighboring county to the north nor the filth. It is a simple matter to stamp out these resorts, resting largely in the hands of the people through the ballot box, aided by the public press and the activities of our good people.

"Without placing the blame upon any particular individual, I simply call your attention to the matter, and if you think it is of sufficient importance, make an investigation and report the facts as you may find them to be.

"You understand, gentlemen, that I think the world is growing better, and, with one or two exceptions, the public affairs of this county were never conducted on better business principles than they are today. There is a chance for improvement, though, and your efforts may prove an incentive to duty along that line."

FLOYD BAIRD CHOSEN FOREMAN

The court appointed Floyd L. Baird foreman. After organizing the jury appointed Thomas Burke secretary. An expert to go over the books of the various county officers will not be appointed for over a month. It is understood the members of the jury will at once make a thorough investigation of the alleged gambling in the north end of the county. The personnel of the pury is as follows:

David Arata, Colma; Henry Geilfuss, Colma; Thomas Harrison, Colma; Claude B. Rich, Rockaway Beach; Richard E. Setter, South San Francisco; Whorton S. Taylor, South San Francisco; Eugene J. Daneri, San Bruno; Frank I. Valentine, San Bruno; John P. Cleese, Burlingame; William H. Edwards, Burlingame; Jeremiah Twomey, Burlingame; Frank G. Wisker, Burlingame; Thos. F. Burke, San Mateo; Floyd L. Baird, Redwood City; William Hammerson, Menlo Park; George E. Shine, Woodside; Jacob L. Kent, Farallone; Antone F. Joseph, Halfmoon Bay; Edgar A. Shaw, Pescadero.

MENLO PARK CALIFORNIA

Would You Throttle the Progress of California?

That is exactly what you will do if you vote to adopt either of the two prohibition amendments.

California is a license State—it is wealthy—it is growing—it has prospered in every line of endeavor.

Look at Kansas

Here is a prohibition State whose Governor stated officially February 23, 1915:

"Our assessed valuation actually decreased five million dollars last year; our population has not increased and business conditions, which were then satisfactory, are now much less favorable. Our farmers face uncertain and unstable markets; an unusual number of laboring men are out of employment and business conditions are far from satisfactory."

That is what prohibition has done for Kansas.

Vote for Progress by Voting Against Prohibition

Prohibition is an experiment which has always proven a failure. It does not prohibit. It destroys established enterprise and outlaws legitimate business, substituting hypocrisy and lawlessness for license and regulation.

P. A. puts new joy into the sport of smoking!

YOU may live to be 110 and never feel old enough to vote, but it's certain-sure you'll not know the joy and contentment of a friendly old jimmy pipe or a hand rolled cigarette *unless* you get on talking-terms with Prince Albert tobacco!

P. A. comes to you with a *real reason* for all the goodness and satisfaction it offers. It is made by a patented process that removes *bite and parch!* You can smoke it long and hard without a comeback! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette enjoyment! And that flavor and fragrance and coolness is as good as that sounds. P. A. just *answers the universal demand for tobacco without bite, parch o 'ck-back!*

Introduction to Prince Albert isn't any harder than to walk into the nearest place that sells tobacco and ask for "a supply of P. A." You pay out a little change, to be sure, but it's the cheerfullest investment you ever made!

Prince Albert is sold everywhere in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that clever crystal-glass pound humidor with sponge-moistener top that keeps the tobacco in such splendid condition.

WHAT ONE BIG MAN THINKS OF ANOTHER.

President W. H. P. Faunce of Brown university is a pretty live wire who keeps abreast of the times, has keen powers of observation and knows a good man when he sees him. Here is what he has to say about the Republican candidate for the presidency:

"I have known Justice Hughes intimately since we were students together at Brown and have seen him a thousand times at work and at play. No man of our generation has a finer combination of character and intellect. Absolutely fearless, unselfish, loyal to American ideals, he is worthy of a nation's trust.

"All his friends know that behind the dignity of bearing is a rich fund of humor and good fellowship. Whether he is climbing a mountain, reading novels, playing with his children, resisting a political lobby or delivering the opinion of the supreme court, he is ever the same rugged, democratic, fair minded American. His varied experience has given him wide horizon and sympathy with every aspect of American life.

"He possesses two qualities rarely found together—the judicial temper and the capacity for swift and resolute action. Under his administration the fog which now besets many public questions would be cleared away.

"His penetrating mind goes to the heart of any subject he selects and strips off the irrelevant at once. Such a mind is peculiarly needed amid the intricate problems that now confront America.

"We need more than good intentions. We need clear vision, sound judgment, strong will, unhesitating decision. In short, we need Charles E. Hughes."

ADEQUATE FEDERAL WORKMEN'S COMPENSATION LAWS.

I stand for adequate federal workmen's compensation laws, dealing not only with the employees of government, but with those employees who are engaged in interstate commerce, and are subject to the hazard of injury, so that those activities which are within the sphere of the constitutional authority of congress may be dealt with under a suitable law.—From Mr. Hughes' Speech of Acceptance.

NOTICE TO BIDDERS

Office of the Clerk of the Board of Supervisors, San Mateo County, California, September 11th, 1916.

Sealed bids will be received by the Clerk of the Board of Supervisors of San Mateo County, at his office until 10 o'clock A. M., Monday, October 2, 1916, for the construction of retaining walls and timber bulkheads on the Redwood City to San Gregorio road, located in the Third and Fifth Road Districts of San Mateo County.

Plans and specifications for this work are on file in the office of said Clerk of said Board, to which bidders are hereby referred.

All bids must conform with the proposal sheets to be obtained from the office of the County Surveyor of said County, at Redwood City, must give the prices proposed, both in writing and figures, and must be signed by the bidder with his address.

The bid is to be accompanied with a certified check equal to ten (10) per cent of the total of the bid, upon the condition that if said bid shall be accepted, the party bidding will duly enter into the contract and faithfully perform his contract in accordance with his bid and the plans and specifications. Such check shall be made payable to the County of San Mateo.

A common law bond will be required for the faithful performance of the contract in such sum as shall be fixed by the said Board of Supervisors after the bids are opened; said sum shall not be less than one-fourth (¼) and not more than one-half (½) of the estimated amount of the contract; and a further bond in a sum equal to one-half (½) of the estimated amount of the contract must be furnished as required by the terms of an act entitled "An act to secure the payment of claims of material men, mechanics, laborers, or other public works" approved March 27, 1897, and acts amendatory thereof.

The contractor to whom the contract may be awarded will be required to appear at the office of the County Surveyor with the sureties offered by him, and execute the contract within ten (10) days from the date of the mailing of a notice from the County Surveyor to him that the contract is ready for signature, and in case of failure or neglect so to do, he will be considered as having abandoned it and the check shall be forfeited to the said County of San Mateo.

Bids must be enclosed in a sealed envelope address to the Clerk of the Board of Supervisors and must be endorsed "Bids for the Construction of a Concrete Bridge over San Gregorio Creek."

The Board of Supervisors reserves the right to reject any and all bids.

JOS. H. NASH,
Clerk of the Board of Supervisors of San Mateo County, California.
